

## KNOWLEDGE PROBE 2: CERTIFICATION

### Available Electronic Certifications

#### Learning Objectives

1. Identify organizations and the types of certifications offered.
  2. Distinguish between different levels of certification.
- 
1. Which license is so valuable to technicians working in the communications fields?
    - a. Driver's license
    - b. Electrician's license
    - c. General radiotelephone operator's license
    - d. Personal computer operator's license
  2. Which organization offers a certification in closed circuit video systems?
    - a. ETA-I
    - b. ISCET
    - c. NARTE
    - d. NICET
  3. There is a certification available in biomedical electronics.
    - a. True
    - b. False
  4. Which of the following organizations offer a generic electronics certification?
    - a. ETA-I
    - b. ISCET
    - c. Both of the above
    - d. Neither of the above
  5. Which communications related certification requires an FCC GROL?
    - a. FCC
    - b. NARTE
    - c. NMEA
    - d. SBE
  6. What is the name of the organization offering an electrical/electronic wiring and cabling certification?
    - a. BICSI
    - b. ISCET
    - c. NICET
    - d. SCTE

7. Which organization offers certification in communications?
  - a. ETA-I
  - b. ISCET
  - c. NARTE
  - d. All of the above
  
8. Which of the following is NOT involved with cabling?
  - a. BICSI
  - b. CompTIA
  - c. FOA
  - d. SCTE
  
9. Which certification prepares a person for vehicular electronic installations?
  - a. GROL
  - b. MECP
  - c. NMEA
  - d. SCTE
  
10. What is a good computer certification for electronics technicians to have?
  - a. A+ CompTIA
  - b. CNE
  - c. MSCE
  - d. SME
  
11. What organization sponsors an industrial control certification?
  - a. FCC
  - b. ISA
  - c. NICET
  - d. SME
  
12. What organization sponsors a manufacturing certification?
  - a. FCC
  - b. ISA
  - c. NICET
  - d. SME
  
13. A journeyman certification is usually available for a technician with no experience.
  - a. True
  - b. False
