

Exploring the Immune System

THINK about the **terms** in the boxes for your topic color and write down your notes & thoughts for each.

MEET with the others in camp by color & share with one another, adding to your notes for each term.

SHARE with other topic colors by creating a group comprised of at least one person of each other topic color & make a **Concept Map** linking as many terms and topics together as possible.

Pathogens

Bacteria

Viruses

Parasites

Antibiotics

Vaccines

Vaccines

Boosters

Measles/Mumps/Rubella (MMR)

Flu
