

# Energy Systems Technology

The College of Technology's Energy Systems Technology and Education Center (ESTEC) is the only center of its kind in the country. No previous experience is necessary for most of the degree options that are available through the Center. The ESTEC programs are designed to give you the skills to help shape the future of the energy industry and to support the United States' critical infrastructures and quality of life. Graduates from the ESTEC programs obtain highly fulfilling, high-demand, and high-wage careers. Well over 100 companies contact ESTEC each year in search of new employees. You have a place in meeting the energy needs of tomorrow. Explore the ESTEC programs, change your life, and change the world. Remember, no previous experience is necessary for most degree options.

## Information & Programs

### Career Opportunities

Electronics Technician  
Engineering Technician

### Degree Options

Intermediate Technical Certificate  
Associate of Applied Science  
Bachelor of Applied Science

### Program Information

Tuition and Fees  
Books and Supplies  
Competitive Entry  
Program Start  
Class Schedule

Electrical Technician

1 year  
2 years  
4 years

\$7,336 (Certificate)  
\$691 (Certificate)  
Program Application  
August  
Monday- Friday  
8:00 a.m. to 3:00 p.m.

### Application Process

#### 1 Complete Application to ISU

Online: [apply.isu.edu](http://apply.isu.edu)

#### 2 Submit Official Transcript

Idaho State University Admissions Office  
921 S. 8th Ave., Stop 8270  
Pocatello, Idaho 83209-8270

#### 3 Send Test Scores

SAT, ACT, Compass, ALEKS, or AccuPlacer Test

#### 4 Finalize Acceptance

Idaho State University College of Technology  
Student Services Office at (208) 282-2622
